

**Please Attend
Our Fall Luncheon
Illinois Beach State Park Resort**

Our speaker, Toni Rey, is a Licensed Clinical Social worker who has been doing individual, marital, child and family counseling for over 20 years. She has recently become interested in the important role animals play in human lives. The human/animal bond is the topic she will discuss. It will address animals, both as pets and as work animals, who help humans in a variety of ways.

Grief following pet loss is often little understood, but is a very important part of Toni's counseling work now. The loss of a dear and beloved companion animal is a profound loss. This talk will address how a therapist can help an individual going through such a loss. Additionally, the topic of therapeutic animals, including dogs who aid in therapy of all kinds, will be addressed. Time will be allotted for questions.

The Board will also give an update on the status of the devastating loss of acres of trees during recent storms. The resort is open but large sections of the park are closed. Current information about the decommissioning of the Zion Nuclear Power Plant which is located in the middle of Illinois Beach State Park will also be discussed.

Make a Reservation by November 14!

Select Your Entree

\$15 includes beautiful view of the lakefront at the Illinois Beach State Park Resort, great speakers, superb conversation, entrée, beverage, dessert, tax, tip a bargain today!
