

# *Illinois Dunesland Preservation Society Invites You to Our June 16, 2007 Meeting*

## **“The Circle of Recycling”**

**Reduce Reuse Recycle Recover**

Our June speaker is Libby Christianson of Libertyville. She has always had an interest in recycling and says she was a “Crunchy Granola” from way back when! More people are now reaching a new level of environmental awareness, but we often need easy ideas to help us do our part to help preserve our resources for future generations. Libby will help us develop an awareness of some great strategies to implement.

Professionally, her background is in the Training and Development areas in the hospitality industry. Libby is married and has two children, Kailey and Lucy. When her children were in preschool, she accompanied them on a field trip to the WasteManagement Educycle Center in Grayslake. That is when she had an environmental epiphany and the concept of recycling really came alive for her!

Join us for an enthusiastic and entertaining presentation. Libby has many great ideas that she will share with you:

What are the best ways to Reduce, Reuse, Recycle, and Recover?

What can and can't be recycled?

What plastic is safer? What types should be avoided?

How can the consumer drive the market by the kind of packaging we buy and the way it is recycled?

How can the consumer complete the circle from the consumable item to recycling and what are important things to be aware of in order to complete the cycle?

Be enriched by ways that you can make a contribution and reduce your ecological footprint on the Earth!

**Make Your Luncheon Reservations for Illinois Beach State Park Resort**  
**Saturday, June 16 at noon in Zion**      **Guests are invited to join us!**
